LEGISLATIVE UPDATE

LB 1094 was introduced during the 2016 legislative session as the follow-up legislation to LB 605 (2015) which was the original Justice Reinvestment Initiative (JRI) legislation in Nebraska. LB 1094 was not intended to make substantive changes to the plan put in place during phase 1 of JRI, but was introduced to answer questions and issues that arose after the passage of LB 605 and provide some technical cleanup.

On select file, provisions of LB 910 relating to the authority of the inspector general for corrections over parole administration and the requirements for the position of parole administrator were amended into LB 1094. The bill was passed by the legislature on April 13 and signed by the Governor on April 20,2016 and became effective immediately as it contained an emergency clause. Below is a summary of the major provisions of LB 1094:

- Adjusted the penalty for several offenses not addressed in LB 605, including accessory to a felony and 4<sup>th</sup> offense DUI;
- Restores authority of judges to sentence individuals to jail as a condition of probation for up to 90 days;
- Clarifies that individuals convicted of both pre and post 605 Class III, IIIA, or IV felonies are not subject to post release supervision
- Eliminates the possibility that individuals can be sentenced to post-release supervision and also be parole eligible.
- Clarifies that good time does not apply to post-release supervision but does apply to a sentence of incarceration following a revocation of post release supervision
- Provides that the Inspector General retains oversight over parole administration after it transfers to the board of parole on July 1, 2016; and
- Requires the Parole Administrator to have appropriate experience and training, including familiarity with evidence based practices and risk and needs assessments.
